

**Successful case**

**Successful Cases for Electronic Products**

Industrial Control Class	Instrument and Instrument Class	Other Classes
Machine Tool Communication Controller	Operation Display Board of Laser Marking Machine	Photoelectric Switch Series
Digital Electronic Switch Controller for Motor	Steam Washer Control Panel	Automatic Controller of Microphone
Three-phase Reactive Power Compensation Controller	The Methanometer	Automatic Controller for Environment Protection Toilet
Control Box for Fire Water Tank	Electric Heating Boiler Controller	IC Card Reader
The Paper Cutter Controller	Watch of Vector voltage percentage	LCD Display Control and Software Interface Series
Machine Tool Position controller	Biological Laboratory LED Lighting	U disk read-write Module
Lift Controller	Intelligent Access Control System	16-bit DA Output Board
Automatic Control system of Industrial dryer	Track Ranging system	Regular Socket
Automobile Methanol Engine Controller	Electronic Inclinometer	Household Steam Cleaner Alarms
Crude Oil Production Flow Integrator	Flame Signal Amplifier and Flame Signal Sensor	The Electronic Watch Screen of The Network Ultra Thin light box
Oil Speed Indicator	Time Event Recorder	Ultra-thin LED Display Screen
Power Line Communication Module	Remote Potential Regulator	Color Flow Light Controller
Car Burglar Alarm	Methane and Oxygen Operation Digital Screen	
Energy Output Control Panel of Medical Plasma Crusher	Self-cleaning Medicine Cabinet Controller	Internal Control (LCD)
Pulse Detector	Stroke Controller	Display Cabinet MP3 Player
CAN Bus Communication System	Fire Alarm	Braille
100 Key Status Display System	PCR Gene Experiment Controller	Infrared Remote Control Self-Learning Electrical Controller
Automatic Control System for Small Soil - free Cultivation	Boiler Wind Power Monitor of power station	Learning Wireless Remote Control
	Collection Time lock	Intelligent Storage Management Site
	Sample of Coal Powder for Boiler of Power Station	Connect To the Console
		Tank War Game System

**Industrial Control System Success Cases**

Network Nuclear Scale Measurement System Industrial Control PC Nuclear Scale Measurement, Batching System
Explosive nuclear weighing system
Phosphorus Furnace Electronic Weighing System
Multi-channel Signal Detection and Display System

## Successful case

### Software Project Successful Cases

Equipment Control System Software
GIAM InSurance Agent Business Management System Software
TYL LCD Display Control System Software
Renew Subscriber's Automatic Voice Notification System
FlyMarking Laser Marking Machine Software
Air purification IC Card Data Read And Write Management System
Automatic Shift Management System On Shift Screen
HCS PC Nuclear Scale System
Elevator Maintenance Quality Supervision And Dynamic Supervision Information
Large Intelligent Storage Management System
Power Station Boiler Wind Powder Monitoring Wireless Acquisition And Transmission System
An Automatic Iodine -Iodine System for Salt Iodization
Machine Print Counting Device
The Automotive Museum Control Program
Construction Site Climbing Load Control System
Kitchen Waste Disposal Control Cabinet
Large intelligent storage management system
Air Purifier Centralized Control System

### Cooperation with the customer

Beijing Founder Electronics	Beijing University of Industrial
School of Snvironment, Tsinghua University	China Railway Research Institute
China Food Fermentation Industry Research Institute	Guizhou Energy Tianhe Phosphorus Industry co.LTD
Shanxi Flint Tsui Mine	Beijing Xinghe Construction Technology co. LTD
Beijing Chuanbulan Biotechnology Development co. LTD	Beijing Second Heat Company
Shengli Oilfield	Fahrenheit Petroleum Equipment co. LTD
CCTV2	Yataihuibao Health Technology co. LTD
